Jeremy Clegg

Chef, Full-stack Web-Developer, Artist, Musician.

PROFESSIONAL SUMMARY

Tech-savvy operations leader with 20+ years of hands-on management experience in high-pressure environments. Proven ability to implement digital systems that boost performance, cut costs, and improve team outcomes. Adept at translating complex challenges into simple, scalable solutions. Now pivoting into tech and digital product spaces with a focus on user experience, process design, and solution-based sales. Strong communicator with a builder's mindset and a bias for action.

EXPERIENCE

Executive Chef - Sopapillas

March 2024 - Present

Led operational systems across back-of-house and customer-facing areas. Designed and implemented cost-tracking spreadsheets, streamlined workflows, and trained staff on POS (Toast) and inventory tools. Drove efficiency and cost reduction through digital optimization.

Sous Chef - Tupelo Honey Cafe

August 2019 - March 2024 - 5 years

Managed cross-functional teams in a high-volume environment. Oversaw scheduling with HotSchedules, enforced SOPs, and collaborated on digital initiatives to improve workflow. Known for reducing onboarding time and improving team retention through strong communication.
